# Community Health Needs Assessment

## Table of Contents

### **I. Executive Summary**

- a) Community Health Area of Future Focus (A prioritized description of future community unmet needs identified by community discussion)
- b) Town Hall CHNA Health Findings: Areas of Strengths and Areas to Change and/or Improvement.

### **II. Methodology**

- a) CHNA Scope and Purpose
- b) Local Collaborating CHNA Parties (The identity of all organizations in which the organization collaborated and third parties that engaged to assist with the CHNA)
- c) CHNA and Town Hall Research Process (A description of the process & methods used to conduct the CHNA, a description of how the organization considered the input of persons representing the community, and an explanation of the process/ criteria used in prioritizing)
- d) Community Profile (A description of the community served by the facility and how the community was determined)

### **III. Community Health Status**

- a) Historical Community Health Indicators Review - Secondary Data
- b) Current Community Health Status - Online Feedback Research

### **IV. Inventory of Existing County Health Resources**

- a) Community Healthcare Service Offerings
- b) Provider Manpower (Local and Visiting Specialists)
- c) CHNA Inventory of PSA Services and Providers (A description of the existing healthcare facilities and other resources within the community available to meet the needs identified through the CHNA)

### **V. Detail Exhibits**

- a) Patient Origin & Access to Care
- b) Town Hall Attendees, Notes, and Feedback
- c) Public CHNA Notice / News
- d) Primary Research Detail
- e) County Health Rankings & Roadmap Detail

# I. Executive Summary

---

[VVV Consultants LLC]

# I. Executive Summary

## Coffeyville Regional Medical Center (Primary Service Area) – Montgomery County, KS - 2025 Community Health Needs Assessment (CHNA)

The previous Community Health Needs Assessment for *Coffeyville Regional Medical Center* and its primary service area was completed in 2022. (Note: The Patient Protection and Affordable Care Act (ACA) requires non-profit hospitals to conduct a CHNA every three years and adopt an implementation strategy to meet the needs identified by the CHNA). The Round 5 Montgomery County, KS CHNA began in March of 2025 and was facilitated/created by VVV Consultants, LLC (Olathe, KS) staff under the direction of Vince Vandelaar, MBA.

Creating healthy communities requires a high level of mutual understanding and collaboration among community leaders. The development of this assessment brings together community health leaders, providers, and other residents to research and prioritize county health needs while documenting community health delivery success. This health assessment will serve as the foundation for community health improvement efforts for the next three years.

**Important community CHNA Benefits** for both the local hospital and the health department, are as follows: 1.) Increases knowledge of community health needs and resources 2.) Creates a common understanding of the priorities of the community’s health needs 3.) Enhances relationships and mutual understanding between and among stakeholders 4.) Provides a basis upon which community stakeholders can make decisions about how they can contribute to improving the health of the community 5.) Provides rationale for current and potential funders to support efforts to improve the health of the community 6.) Creates opportunities for collaboration in delivery of services to the community and 7.) Guides the hospital and local health department on how they can align their services and community benefit programs to best meet needs, and 8.) fulfills the Hospital's “Mission” to deliver.

## County Health Area of Future Focus on Unmet Needs

Area Stakeholders held a community conversation to review, discuss, and prioritize health delivery. Below are two tables reflecting community views and findings:

2025 CHNA Unmet Needs				
Coffeyville Regional Medical Center (Primary Service Area)				
Montgomery Co, KS - 8/28/25 Town Hall: (15 Attendees, 53 Total Stakeholder Votes)				
#	Community Health Needs to Change and/or Improve	Votes	%	Accum
1	Poverty	8	15%	15%
2	Substance Abuse (Drinking, Drugs, Vape)	8	15%	30%
3	Retain Youth	5	9%	40%
4	Mental Health (Diagnosis, Treatment, Aftercare, Providers)	5	9%	49%
5	Affordable Healthcare	5	9%	58%
6	Suicide	5	9%	68%
7	Providers (PRIM & OB)	4	8%	75%
8	Food Insecurity	3	6%	81%
Total Votes		53		
Other Items receiving votes: Language Barriers, Housing (Accessible & Affordable), Visiting Specialists (PRIM & OPTH), Obesity (Nutrition & Fitness), Preventative Health Education, Parenting Skills (Protect Youth).				

## Town Hall CHNA Findings: Areas of Strengths

Montgomery County, KS - Community Health Strengths Recalled			
#	Topic	#	Topic
1	24/7 Emergency	6	Updated Healthcare Clinic
2	Community Stakeholders Collaboratio	7	Caring Nursing Staff
3	HC Educational Access	8	Recreation Offerings
4	LHEAT (Local Health Action Team)	9	Local Hospital
5	Access to Wellness / Fitness	10	Access to OB Services

### Key CHNA Round #5 Secondary Research Conclusions found:

**KANSAS HEALTH RANKINGS:** According to the 2023 Robert Woods Johnson County Health Rankings, Montgomery Co, KS, on average was ranked 87<sup>th</sup> in Health Outcomes, 55<sup>th</sup> in Health Factors, and 28<sup>th</sup> in Physical Environmental Quality out of the 93 Counties.

**TAB 1.** Montgomery County's population is 10,581 (2024). About six percent (6.1%) of the population is under the age of 5, while the population that is over 65 years old is 23%. Children in single parent households make up a total of 16.8% compared to the rural norm of 16.5%, and 89.4% are living in the same house as one year ago.

**TAB 2.** In Montgomery County, the average per capita income is \$35,562 while 11.1% of the population is in poverty. The severe housing problem was recorded at 12.8% compared to the rural norm of 10.7%. Those with food insecurity in Montgomery County is 11.1%, and those having limited access to healthy foods (store) is 14.4%. Individuals recorded as having a long commute while driving alone is 17.2% compared to the norm of 22.1%.

**TAB 3.** Children eligible for a free or reduced-price lunch in Montgomery County is 36%. Findings found that 94.7% of Montgomery County ages 25 and above graduated from high school while 25.8% has a bachelor's degree or higher (2023).

**TAB 4.** The percent of births where prenatal care began in the first trimester was recorded at 83.4% compared to the rural norm of 83.7%. Additionally, the percentage of births with low birth weight was 6.9%. Montgomery Counts recorded a rate of 15.3 (per 1k) of births occurring to teens between ages 15-19.

**TAB 5.** The Montgomery County primary care service coverage ratio is 1 provider (county based officed physician who is a MD and/or DO) to 1,743 residents. There were 3,456 preventable hospital stays in compared to the rural norm of 2,580. Patients who gave their hospital a rating of 9 or 10 (scale 0-10) was 77% while patients who reported they would definitely recommend the hospital was recorded at 63%.

## Secondary Research Continued

**TAB 6.** In Montgomery County, the age-adjusted prevalence of depression among adults was recorded at 16.4% compared to the rural norm of 17%. The average number of mentally unhealthy days among the population was recorded at 4.2 days (in a seven day period).

**TAB 7a – 7b.** Montgomery County has an obesity percentage of 37.7% and a physical inactivity percentage is 25.2%. The percentage of adults who smoke is 15.8%, while the excessive drinking percentage is 18.3%. The age-adjusted prevalence of those diagnosed with diabetes among adults in 9.2%. The prevalence of COPD was recorded at 6%, while the prevalence of coronary heart disease was 5.4%. The age-adjusted prevalence of those diagnosed and living with cancer is 6.3%.

**TAB 8.** The adult uninsured rate for Montgomery County is 8% compared to the rural norm of only 8.5%.

**TAB 9.** The life expectancy rate in Montgomery County for males and females is roughly 79 years of age (79.2). Alcohol-impaired driving deaths for Montgomery County is 10% while age-adjusted Cancer Mortality rate per 100,000 is 156.7. The age-adjusted heart disease mortality rate per 100,000 is at 20.7.4 compared to the norm of 179.8.

**TAB 10.** A recorded 53.9% of Montgomery County has access to exercise opportunities. Continually, 52% of women have done a mammography screening compared to the rural norm of 49.3%. Adults recorded in Montgomery County who have had a regular routine check-up is 69.3%. The age-adjusted prevalence of high blood pressure among adults was recorded at 29.9%

**Social Determinants Driving Community Health:** From Town Hall conversations the Health Care System, followed by Economic Stability, Community and Social Context, and Education are impacting community health, see Sec V for a detailed analysis.

### Social Determinants Online Community Feedback – Coffeyville Reg PSA (N=137)

Coffeyville Reg PSA "KEY" Social Determinant Takeaways to Improve Our Community Health	
Access to quality services is a high need in our community...	Need for more 24/7 public taxis/ transportation ...
It would be nice if the community had more opportunities to buy fresh food- farmers market daily or open air market every day.	This area definitely struggles economically and that has a major impact on people's ability to pursue healthcare services.
We need more affordable housing	A lot of the sidewalks are in disrepair and there are stray dogs everywhere...

## Key CHNA Round #5 Primary Research Conclusions found:

**Community Feedback from residents, community leaders, and providers (N=137) provided the following community insights via an online perception survey:**

- Using a Likert scale, the average between Montgomery County stakeholders and residents that would rate the overall quality of healthcare delivery in their community as either Very Good or Good; is 63.6%.
- Montgomery County stakeholders are very satisfied with some of the following services: Ambulance Services, Chiropractors and Visiting Specialists.
- When considering past CHNA needs, the following topics came up as the most pressing: Mental Health Services, Child Care Availability, Housing, Access to Primary Care, Obstetric Services, Workforce Staffing, Senior Care Services, Suicide, Substance Abuse, and General Transportation.

During the Town Hall on August 28<sup>th</sup>, 2025, a discussion was held to evaluate the impact of any actions taken to address the significant health needs identified in 2022. The table below was reviewed in-depth asking for feedback on which needs are still pressing and ongoing, thus evaluating actions taken in 2022.

<b>Coffeyville Regional Medical Center PSA - CHNA YR 2025 N=137</b>					
<b>Past CHNA Unmet Needs Identified</b>		<b>Ongoing Problem</b>			<b>Pressing</b>
<b>Rank</b>	<b>Ongoing Problem</b>	<b>Votes</b>	<b>%</b>	<b>Trend</b>	<b>Rank</b>

14	Collaboration of Healthcare Delivery	17	3.1%		12
<b>Totals</b>		<b>550</b>	<b>100.0%</b>		

# II. Methodology

---

[VVV Consultants LLC]

## II. Methodology

### a) CHNA Scope and Purpose

The federal Patient Protection and Affordable Care Act (ACA) requires that each registered 501(c)3 hospital conduct a Community Health Needs Assessment (CHNA) at least once every three years and adopt a strategy to meet community health needs. Any hospital that has filed a 990 is required to conduct a CHNA. IRS Notice 2011-52 was released in late fall of 2011 to give notice and request comments.

#### **JOB #1: Meet/Report IRS 990 Required Documentation**

1. A definition of the community served by the hospital facility and a description of how the community was determined.
2. A description of the process and methods used to conduct the CHNA.
3. A description of how the hospital facility solicited and took into account input received from persons who represent the broad interests of the community it serves.
4. A prioritized description of the significant health needs of the community identified through the CHNA. This includes a description of the process and criteria used in identifying certain health needs as significant and prioritizing those significant health needs.
5. A description of resources potentially available to address the significant health needs identified through the CHNA.
6. An evaluation of the impact of any actions that were taken to address the significant health needs identified in the immediately preceding CHNA.

Section 501(r) provides that a CHNA must take into account input from persons who represent the broad interests of the community served by the hospital facility, including individuals with special knowledge of or expertise in public health. Under the Notice, the persons consulted must also include: Government agencies with current information relevant to the health needs of the community and representatives or members in the community who are medically underserved, low-income, minority populations, and populations with chronic disease needs. In addition, a hospital organization may seek input from other individuals and organizations located in or serving the hospital facility's defined community (e.g., health care consumer advocates, academic experts, private businesses, health insurance and managed care organizations, etc.).

#### **JOB #2: Making a CHNA Widely Available to the Public**

The Notice provides that a CHNA will be considered to be "conducted" in the taxable year that the written report of the CHNA findings is made widely available to the public. The Notice also indicates that the IRS intends to pattern its rules for **making a CHNA "widely available to the public"** after the rules currently in effect for Form 990. Accordingly, an organization would make a **facility's written report** widely available by posting the final report on its website either in the form of (1) the report itself, in a readily accessible format or (2) a link to another organization's website, along with instructions for accessing the report on that website. *The Notice clarifies that an organization must post the CHNA for each facility until the date on which its subsequent CHNA for that facility is posted.*

### **JOB #3: Adopt an Implementation Strategy by Hospital**

Section 501(r) requires a hospital organization to adopt an implementation strategy to meet the needs identified through each CHNA. The Notice defines an “implementation strategy” as a written plan that addresses each of the needs identified in a CHNA by either (1) describing how the facility plans to meet the health need or (2) identifying the health need as one that the facility does not intend to meet and explaining why the facility does not intend to meet it. A hospital organization may develop an implementation strategy in collaboration with other organizations, which must be identified in the implementation strategy. As with the CHNA, a hospital organization that operates multiple hospital facilities must have a separate written implementation strategy for each of its facilities.

Great emphasis has been given to work hand-in-hand with leaders from hospitals, the state health department and the local health department. A common approach has been adopted to create the CHNA, leading to aligned implementation plans and community reporting.

## IRS Requirements Overview (Notice 2011-52)

### Notice and Request for Comments Regarding the Community Health Needs Assessment Requirements for Tax-exempt Hospitals

#### Applicability of CHNA Requirements to “Hospital Organizations”

The CHNA requirements apply to “hospital organizations,” which are defined in Section 501(r) to include (1) organizations that operate one or more state-licensed hospital facilities, and (2) any other organization that the Treasury Secretary determines is providing hospital care as its principal function or basis for exemption.

#### How and When to Conduct a CHNA

Under Section 501(r), a hospital organization is required to conduct a CHNA for each of its hospital facilities once every three taxable years. ***The CHNA must take into account input from persons representing the community served by the hospital facility and must be made widely available to the public. The CHNA requirements are effective for taxable years beginning after March 23, 2012.*** As a result, a hospital organization with a June 30 fiscal year end must complete a CHNA full report every 3 years for each of its hospital facilities by fiscal June 30th.

#### Determining the Community Served

A CHNA must identify and assess the health needs of the **community served** by the hospital facility. Although the Notice suggests that geographic location should be the primary basis for defining the community served, it provides that the organization may also take into account the target populations served by the facility (e.g., children, women, or the aged) and/or the facility’s principal functions (e.g., specialty area or targeted disease). *A hospital organization, however, will not be permitted to define the community served in a way that would effectively circumvent the CHNA requirements (e.g., by excluding medically underserved populations, low-income persons, minority groups, or those with chronic disease needs).*

#### Persons Representing the Community Served

Section 501(r) provides that a CHNA must take into account input from **persons who represent the broad interests of the community** served by the hospital facility, including individuals with special knowledge of or expertise in public health. Under the Notice, the persons consulted must also include: (1) government agencies with current information relevant to the health needs of the community and (2) representatives or members of medically underserved, low-income, and minority populations, and populations with chronic disease needs, in the community. In addition, a hospital organization may seek input from other individuals and organizations located in or serving the hospital facility’s defined community (e.g., health care consumer advocates, academic experts, private businesses, health insurance and managed care organizations, etc.).

#### Required Documentation

The Notice provides that a hospital organization will be required to separately document the CHNA for each of its hospital facilities in a **written report** that includes the following information: 1) a description of the community served by the facility and how the community was determined; 2) a description of the process and methods used to conduct the CHNA; 3) the identity of any and all organizations with which the organization collaborated and third parties that it engaged to assist with the CHNA; 4) a description of how the organization considered the input of persons representing the community (e.g., through meetings, focus groups, interviews, etc.), who those persons are, and their qualifications; 5) a prioritized

description of all of the community needs identified by the CHNA and an explanation of the process and criteria used in prioritizing such needs; and 6) a description of the existing health care facilities and other resources within the community available to meet the needs identified through the CHNA.

## **Making a CHNA Widely Available to the Public**

The Notice provides that a CHNA will be considered to be **“conducted”** in the taxable year that the written report of the CHNA findings is made widely available to the public. The Notice also indicates that the IRS intends to pattern its rules for making a CHNA “widely available to the public” after the rules currently in effect for Forms 990. *Accordingly, an organization would make a facility’s written report widely available by posting on its website either (1) the report itself, in a readily accessible format, or (2) a link to another organization’s website, along with instructions for accessing the report on that website. The Notice clarifies that an organization must post the CHNA for each facility until the date on which its subsequent CHNA for that facility is posted.*

## **How and When to Adopt an Implementation Strategy**

Section 501(r) requires a hospital organization to adopt an implementation strategy to meet the needs identified through each CHNA. **The Notice defines an “implementation strategy” as a written plan that addresses each of the needs identified in a CHNA by either (1) describing how the facility plans to meet the health need, or (2) identifying the health need as one that the facility does not intend to meet and explaining why the facility does not intend to meet it.** A hospital organization may develop an implementation strategy in collaboration with other organizations, which must be identified in the implementation strategy. As with the CHNA, a hospital organization that operates multiple hospital facilities must have a separate written implementation strategy for each of its facilities.

Under the Notice, an implementation strategy is considered to be “adopted” on the date the strategy is approved by the organization’s board of directors or by a committee of the board or other parties legally authorized by the board to act on its behalf. Further, the formal adoption of the implementation strategy must occur by the end of the same taxable year in which the written report of the CHNA findings was made available to the public. For hospital organizations with a June 30 fiscal year end, that effectively means that the organization must complete and appropriately post its first CHNA no later than its fiscal year ending June 30, 2013, and formally adopt a related implementation strategy by the end of the same tax year. *This final requirement may come as a surprise to many charitable hospitals, considering Section 501(r) contains no deadline for the adoption of the implementation strategy.*

## **IRS Community Health Needs Assessment for Charitable Hospital Organizations - Section 501(0)(3) Last Reviewed or Updated: 21-Aug-2020**

In addition to the general requirements for tax exemption under Section 501(c)(3) and Revenue Ruling 69-545 hospital organizations must meet the requirements imposed by Section 501(r) on a facility-by-facility basis in order to be treated as an organization described in Section 501(c)(3). These additional requirements are:

1. Community Health Needs Assessment (CHNA) - Section 501(r)(3),
2. Financial Assistance Policy and Emergency Medical Care Policy - Section 501(r)(4),
3. Limitation on Charges - Section 501(r)(5), and
4. Billing and Collections - Section 501(r)(6).

Medically underserved populations include populations experiencing health disparities or that are at risk of not receiving adequate medical care because of being uninsured or underinsured, or due to geographic, language, financial, or other barriers. Populations with language barriers include those with limited English proficiency. Medically underserved populations also include those living within a hospital facility’s service area but not receiving adequate medical care from the facility because of cost, transportation difficulties, stigma, or other barriers.

Additionally, in determining its patient populations for purposes of defining its community, a hospital facility must take into account all patients without regard to whether (or how much) they or their insurers pay for the care received or whether they are eligible for assistance under the hospital facility's financial assistance policy. If a hospital facility consists of multiple buildings that operate under a single state license and serve different geographic areas or populations, the community served by the hospital facility is the aggregate of these areas or populations.

### **Additional Sources of Input**

In addition to soliciting input from the three required sources, a hospital facility may solicit and take into account input received from a broad range of persons located in or serving its community. This includes, but is not limited to:

- Health care consumers and consumer advocates
- Nonprofit and community-based organizations
- Academic experts
- Local government officials
- Local school districts
- Health care providers and community health centers
- Health insurance and managed care organizations,
- Private businesses, and
- Labor and workforce representatives.

Although a hospital facility is not required to solicit input from additional persons, it must take into account input received from any person in the form of written comments on the most recently conducted CHNA or most recently adopted implementation strategy.

### **Collaboration on CHNA Reports**

A hospital facility is permitted to conduct its CHNA in collaboration with other organizations and facilities. This includes related and unrelated hospital organizations and facilities, for-profit and government hospitals, governmental departments, and nonprofit organizations.

In general, every hospital facility must document its CHNA in a separate CHNA report unless it adopts a joint CHNA report. However, if a hospital facility is collaborating with other facilities and organizations in conducting its CHNA, or if another organization has conducted a CHNA for all or part of the hospital facility's community, portions of a hospital facility's CHNA report may be substantively identical to portions of the CHNA reports of a collaborating hospital facility or other organization conducting a CHNA, if appropriate under the facts and circumstances.

If two hospital facilities with overlapping, but not identical, communities collaborate in conducting a CHNA, the portions of each hospital facility's CHNA report relevant to the shared areas of their communities might be identical. So, hospital facilities with different communities, including general and specialized hospitals, may collaborate and adopt substantively identical CHNA reports to the extent appropriate. However, the CHNA reports of collaborating hospital facilities should differ to reflect any material differences in the communities served by those hospital facilities. Additionally, if a governmental public health department has conducted a CHNA for all or part of a hospital facility's community, portions of the hospital facility's CHNA report may be substantively identical to those portions of the health department's CHNA report that address the hospital facility's community.

Collaborating hospital facilities may produce a joint CHNA report as long as all of the collaborating hospital facilities define their community to be the same and the joint CHNA report contains all of the same basic information that separate CHNA reports must contain. Additionally, the joint CHNA report must be clearly identified as applying to the hospital facility.

### **Joint Implementation Strategies**

As with the CHNA report, a hospital facility may develop an implementation strategy in collaboration with other hospital facilities or other organizations. This includes but is not limited to related and unrelated hospital organizations and facilities, for-profit and government hospitals, governmental departments, and nonprofit organizations. In general, a hospital facility that collaborates with other facilities or organizations

in developing its implementation strategy must still document its implementation strategy in a separate written plan that is tailored to the particular hospital facility, taking into account its specific resources. However, a hospital facility that adopts a joint CHNA report may also adopt a joint implementation strategy. With respect to each significant health need identified through the joint CHNA, the joint implementation strategy must either describes how one or more of the collaborating facilities or organizations plan to address the health need or identify the health need as one the collaborating facilities or organizations do not intend to address. It must also explain why they do not intend to address the health need.

A joint implementation strategy adopted for the hospital facility must also: Be clearly identified as applying to the hospital facility, Clearly identify the hospital facility's role and responsibilities in taking the actions described in the implementation strategy as well as the resources the hospital facility plans to commit to such actions, and Include a summary or other tool that helps the reader easily locate those portions of the joint implementation strategy that relate to the hospital facility.

### **Adoption of Implementation Strategy**

An authorized body of the hospital facility must adopt the implementation strategy. See the discussion of the Financial Assistance Policy below for the definition of an authorized body.· This must be done on or before the 15th day of the fifth month after the end of the taxable year in which the hospital facility finishes conducting the CHNA. This is the same due date (without extensions) of the Form 990.

**Acquired Facilities** A hospital organization that acquires a hospital facility (through merger or acquisition) must meet the requirements of Section 501(r)(3) with respect to the acquired hospital facility by the last day of the organization's second taxable year beginning after the date on which the hospital facility was acquired. In the case of a merger that results in the liquidation of one organization and survival of another, the hospital facilities formerly operated by the liquidated organization will be considered "acquired," meaning they will have until the last day of the second taxable year beginning after the date of the merger to meet the CHNA requirements. Thus, the final regulations treat mergers equivalently to acquisitions.

### **New Hospital Organizations**

An organization that becomes newly subject to the requirements of Section 501(r) because it is recognized as described in Section 501(c)(3) and is operating a hospital facility must meet the requirements of Section 501(r)(3) with respect to any hospital facility by the last day of the second taxable year beginning after the latter of: The effective date of the determination letter recognizing the organization as described in Section 501(c)(3), or · The first date that a facility operated by the organization was licensed, registered, or similarly recognized by a state as a hospital.

### **New Hospital Facilities**

A hospital organization must meet the requirements of Section 501(r)(3), with respect to a new hospital facility it operates by the last day of the second taxable year beginning after the date the facility was licensed, registered, or similarly recognized by its state as a hospital.

### **Transferred/Terminated Facilities**

A hospital organization is not required to meet the requirements of Section 501(r)(3) with respect to a hospital facility in a taxable year if the hospital organization transfers all ownership of the hospital facility to another organization or otherwise ceases its operation of the hospital facility before the end of the taxable year. The same rule applies if the hospital facility ceases to be licensed, registered, or similarly recognized as a hospital by a state during the taxable year. By extension, a government hospital organization that voluntarily terminates its Section 501(c)(3) recognition as described in Rev. Proc. 2018-5 (updated annually) is no longer considered a hospital organization for purposes of Section 501(r) and therefore is not required to meet the CHNA requirements during the taxable year of its termination.

## **Public Health Criteria:**

### Domain 1: Conduct and disseminate assessments focused on population health status and public health issues facing the community.

Domain 1 focuses on the assessment of the health of the population in the jurisdiction served by the health department. The domain includes systematic monitoring of health status; collection, analysis, and dissemination of data; use of data to inform public health policies, processes, and interventions; and participation in a process for the development of a shared, comprehensive health assessment of the community.

#### **DOMAIN 1 includes 4 STANDARDS:**

- **Standard 1.1** - Participate in or Conduct a Collaborative Process Resulting in a Comprehensive Community Health Assessment
- **Standard 1.2** - Collect and Maintain Reliable, Comparable, and Valid Data That Provide Information on Conditions of Public Health Importance and on the Health Status of the Population
- **Standard 1.3** - Analyze Public Health Data to Identify Trends in Health Problems, Environmental Public Health Hazards, and Social and Economic Factors That Affect the Public's Health
- **Standard 1.4** - Provide and Use the Results of Health Data Analysis to Develop Recommendations Regarding Public Health Policy, Processes, Programs, or Interventions

#### **Required CHNA Planning Process Requirements:**

- a. Participation by a wide range of community partners.
- b. Data / information provided to participants in CHNA planning process.
- c. Evidence of community / stakeholder discussions to identify issues & themes. Community definition of a "healthy community" included along with list of issues.
- d. Community assets & resources identified.
- e. A description of CHNA process used to set priority health issues.

#### **Seven Steps of Public Health Department Accreditation (PHAB):**

1. Pre-Application
2. Application
3. Document Selection and Submission
4. Site Visit
5. Accreditation Decision
6. Reports
7. Reaccreditation

## MAPP Process Overview

**Mobilizing for Action through Planning and Partnerships (MAPP)** is a flexible strategic planning tool for improving the health and quality of life for the community. Like most strategic planning, MAPP involves organizing partners, creating a vision and shared values, collecting data, identifying areas for improvement, and developing goals and strategies to address them. Through collaboration with partners and the community, MAPP allows us to focus our efforts and work on issues to strengthen the local public health system.

**The MAPP process includes the following six phases.** It's important to note that MAPP has no set end point and will continue throughout the life cycle of the Community Health Improvement Plan (CHIP).

1. In this first phase, **Organize for Success/Partnership Development**, various sectors of the community with established relationships are reviewed, leading to the identification of areas for partnership development and creation of new relationships to enhance the MAPP process.
2. In the second phase, **Visioning**, a shared community vision and common values for the MAPP process are created.
3. In the third phase, **Four MAPP Assessments**, data is collected from existing and new sources about the health of our community, which results in a Community Health Assessment (CHA).
4. In the fourth phase, **Identify Strategic Issues**, community partners and health professionals select issues based on data collected from the third phase that are critical to the local public health system and align with the vision from the second phase.
5. In the fifth phase, **Formulate Goals and Strategies**, potential ways to address the strategic issues are identified by the community along with the setting of achievable goals. The final result is a Community Health Improvement Plan (CHIP).
6. The sixth and final phase of the MAPP process is the **Action Cycle**, which is where the work happens for meeting the objectives set in the previous phase. Through these collaborative efforts, the health of the community is improved.

## Social Determinants of Health

What Are Social Determinants of Health?

[Social determinants of health \(SDOH\)external icon](#) are defined as the conditions in which people are born, grow, live, work, and age. SDOH are shaped by the distribution of money, power, and resources throughout local communities, nations, and the world. Differences in these conditions lead to health inequities or the unfair and avoidable differences in health status seen within and between countries.

[Healthy People 2030external icon](#) includes SDOH among its leading health indicators. One of Healthy People 2030's five overarching goals is specifically related to SDOH: Create social, physical, and economic environments that promote attaining the full potential for health and well-being for all.

Through broader awareness of how to better incorporate SDOH throughout the multiple aspects of public health work and the [10 Essential Public Health Services](#), public health practitioners can transform and strengthen their capacity to advance health equity. Health equity means that everyone has a fair and just opportunity to be as healthy as possible. This requires removing obstacles to health, such as poverty, discrimination, and their consequences, including powerlessness and lack of access to good jobs with fair pay, quality education and housing, safe environments, and health care.

## **Round #5 CHNA focuses on Social Determinants & Health Equity.**

### **Centers for Medicare & Medicaid Services Health Equity Domains**

CMS' Hospital Commitment to Health Equity has introduced two equity-focused process measures in 2023: screening for Social Drivers of Health (SDOH-01) and Screen Positive Rate for Social Drivers of Health (SDOH-02). (Although these measures will not be required until 2024, it is highly recommended that hospitals begin tracking them in 2023.)

#### **Domain 1: Equity as a Strategic Priority**

The hospital has a strategic plan for advancing health care equity that accomplishes the following:

- Identifies priority populations who currently experience health disparities.
- Establishes health care equity goals and discrete action steps to achieve them.
- Outlines specific resources that are dedicated to achieving equity goals.
- Describes an approach for engaging key stakeholders, such as community partners.

#### **Domain 2: Data Collection**

The hospital is engaging in the following three key data collection activities.

- Collecting demographic information, including self-reported race and ethnicity, and SDOH information, on a majority of patients
- Training staff in the culturally sensitive collection of demographics and SDOH information
- Inputting patient demographic and/ or SDOH information into structured interoperable data elements using a certified electronic health record technology.

#### **Domain 3: Data Analysis**

The hospital stratifies key performance indicators by demographic and/ or SDOH variables to identify equity gaps and includes this information on hospital performance dashboards.

#### **Domain 4: Quality Improvement**

The hospital participates in local, regional and or national quality improvement activities that are focused on reducing health disparities.

#### **Domain 5: Leadership Engagement**

The hospital's senior leadership, including the chief executives and the entire hospital board of trustees, demonstrates a commitment to equity through the following two activities.

- Annual reviews of the hospital's strategic plan for achieving health equity
- Annual reviews of key performance indicators stratified by demographic and/ or social factors.

## **The Joint Commission (TJC) Elements of Performance - Regulatory and Accreditation Requirements Related to Health Equity and Social Determinants of Health**

New and revised TJC requirements to reduce health care disparities went into effect Jan. 1, 2023. Below are the six elements of performance.

### **Element of Performance 1:**

The organization designates an individual to lead activities aimed at reducing healthcare disparities. **(Hospital Responsibility)**

### **Element of Performance 2:**

The organization assesses the patient's health-related social needs and provides information about community resources and support services. **(CHNA full report- Section I and III)**

Examples of health-related social needs may include the following:

- Access to transportation
- Difficulty paying for prescriptions or medical bills.
- Education and literacy
- Food insecurity
- Housing insecurity

### **Element of Performance 3:**

The organization identifies healthcare disparities in its patient population by stratifying quality and safety data. **(CHNA Town Hall)** Examples of sociodemographic characteristics may include but are not limited to the following: Age, Gender, Preferred Language, Race, and ethnicity.

### **Element of Performance 4:**

The organization develops a written action plan that describes how it will address at least one of the healthcare disparities identified. **(CHNA IMPL Development Plan)**

### **Element of Performance 5:**

The organization acts when it does not achieve or sustain goal(s) in its action plan to reduce health care disparities.

### **Element of Performance 6:**

At least annually, the organization informs key stakeholders, identifying leaders, licensed practitioners, and staff, about its progress in reducing identified healthcare disparities. **(Hospital Responsibility)**

## II. Methodology

### b) Collaborating CHNA Parties

Working together to improve community health takes collaboration. Listed below is an in-depth profile of the local hospital and health department CHNA partners:

#### **Coffeyville Regional Medical Center**

**1400 W 4th St, Coffeyville, KS 67337**  
**President & CEO: Brian Lawrence, MHA**  
**Phone: (620) 251-1200**

**About:** Coffeyville Regional Medical Center (CRMC) has been a cornerstone of healthcare in southeast Kansas and northeast Oklahoma for over 75 years. As the only hospital in Montgomery County, CRMC is dedicated to providing high-quality care to the region's residents. Founded in 1949, CRMC is a non-profit, critical access hospital licensed for 25 beds, serving people across Kansas counties including Montgomery, Chautauqua, Labette, Allen, Neosho, and Wilson, as well as Nowata and Craig counties in Oklahoma. We are committed to delivering compassionate, patient-centered care to every generation, with a focus on ensuring our patients' needs are met both today and in the future. CRMC's dedication to quality care is reflected in our accreditation by DNV Healthcare, a global leader in hospital accreditation. This recognition underscores our commitment to maintaining the highest standards of patient safety and care excellence. As a rural hospital, CRMC offers many of the advanced medical services typically found in larger urban centers, continually expanding our offerings and recruiting top physicians to serve our community. Our staff—many of whom have worked at CRMC for decades—are not only healthcare providers but also neighbors and friends. CRMC Medical Group, with clinics in Coffeyville and Independence, extends access to primary and specialized care across the region. With a relentless commitment to quality and excellence, CRMC remains a trusted healthcare partner for generations past, present, and future.

#### **Services:**

- 24/7 Emergency Department
- Cancer Treatment Services – Radiation and Medical Oncology
- CRMC Medical Group Primary Care
- Adult and Pediatric Care
- CRMC Medical Group Specialty Clinic
- Cardiovascular Services
- General Surgery
- Orthopedic Services
- CRMC Medical Group Women's Health
- Obstetrics and Gynecology
- Emergency Medical Services (EMS)
- Imaging Services
- Inpatient Hospitalist Program
- Inpatient Acute Care
- Intensive Care Unit
- Laboratory Services
- Outpatient Services
- Pain Management Services
- Rehabilitation Services
- Surgical Services
- Swing Bed Services
- Women's Health Unit

## **Montgomery County Health Department**

**908 S Walnut, Coffeyville KS 67337**

**Phone: (620) 251-4210**

**217 E Myrtle, Independence, KS 67301**

**Phone: (620) 331-4300**

**Administrator: Carolyn Muller, RN**

The health department offers a variety of services to prevent disease, promote healthy lifestyle behaviors, and protect the community at large from communicable diseases. Our offices are open 8:30-12:00 and 1:00-5:00 Monday- Friday. Walk In immunization clinics are held each Tuesday 8:30-11:30 and 1:00-4:30. All other services are by appointment.

Our services include Car Seat Checks, Child Care Licensing, Child Health, Chronic Disease Risk Reduction, Community Health Screenings & Education, Disease Investigation, Emergency Preparedness, Healthy Start Home Visits, Immunizations, Allergy or Hormone Injections with doctor's orders, Maternal & Infant program, Teen Pregnancy program, and Women's Health.

**Mission:** The Mission of the Montgomery County Health Department is to prevent disease and prolong life through organized community effort and cooperation among health care providers, business and industry, schools, civic and professional organizations. There will be an emphasis on control of communicable diseases, personal hygiene, early diagnosis and preventative treatment of diseases, and sanitation of the environment.

**The 10 Essential Public Health Services** describe the public health activities that all communities should undertake and serve as the framework for the NPHPS instruments.

Public health systems should...

1. Monitor health status to identify and solve community health problems.
2. Diagnose and investigate health problems and health hazards in the community.
3. Inform, educate, and empower people about health issues.
4. Mobilize community partnerships and action to identify and solve health problems.
5. Develop policies and plans that support individual and community health efforts.
6. Enforce laws and regulations that protect health and ensure safety.
7. Link people to needed personal health services and assure the provision of health care when otherwise unavailable.
8. Assure competent public and personal health care workforce.
9. Evaluate effectiveness, accessibility, and quality of personal and population-based health services.
10. Research for new insights and innovative solutions to health problems.

## II. Methodology

### b) Collaborating CHNA Parties Continued

#### Consultant Qualifications:

VVV Consultants LLC 601 N. Mahaffie, Olathe, KS 66061 (913) 302-7264

VVV Consultants LLC is an Olathe, KS based "boutique" healthcare consulting firm specializing in Strategy, Research and Business Development services. To date we have completed 83 unique community CHNA's in KS, MO, IA, NE and WI (references found on our website [VandehaarMarketing.com](http://VandehaarMarketing.com))

#### Introduction: Who We Are Background and Experience

VVV Consultants LLC  
601 N Mahaffie  
Olathe, KS 66061

**Vince V Vandehaar, MBA – Principal**  
VVV Consultants LLC – *start 1/1/09* \*  
Adjunct Full Professor @ Avila, MNU & Webster Universities  
40+ year veteran marketer, strategist and researcher  
Saint Luke's Health System, BCBS of KC, and Towers Perrin  
Hometown: Bondurant IA

**Cassandra Kahl Parker, MHA– Dir, Project Management**  
University of KS / Park University  
Hometown: Maple, WI

**Olivia G Hewitt– Associate**  
Emporia State University– BS Communication  
Hometown: Olathe, KS

VVV Consultants LLC (EIN 27-0253774) began as "VVV Research & Development INC" in early 2009 and converted to an LLC on 12/24/12. Web: [VandehaarMarketing.com](http://VandehaarMarketing.com)

**Our Mission:** to research, facilitate, train, create processes to improve market performance, champion a turnaround, and uncover strategic "critical success" initiatives.

**Our Vision:** to meet today's challenges with the voice of the market solutions.

#### Our Values:

**Engaged** – we are actively involved in community relations & boards.

**Reliable** – we do what we say we are going to do.

**Skilled** – we understand business because we've been there.

**Innovative** – we are process-driven & think "out of the box."

**Accountable** – we provide clients with a return on their investment.

## II. Methodology

### c) CHNA and Town Hall Research Process

Round #5 Community Health Needs Assessment (CHNA) process began in April of 2025 for Coffeyville Regional Medical Center in Montgomery County, KS to meet Federal IRS CHNA requirements.

In early March 2025, a meeting was called amongst the Coffeyville Regional Medical Center leaders to review CHNA collaborative options. <Note: VVV Consultants LLC from Olathe, KS was asked to facilitate this discussion with the following agenda: VVV CHNA experience, review CHNA requirements (regulations) and discuss CHNA steps/options to meet IRS requirements and to discuss next steps.> Outcomes from discussion led to the Coffeyville Regional Medical Center to request VVV Consultants LLC to complete a CHNA IRS aligned comprehensive report.

#### VVV CHNA Deliverables:

- Document Hospital Primary Service Area - meets the 80% Patient Origin Rule.
- Uncover / document basic secondary research county health data, organized by 10 tabs.
- Conduct / report CHNA Community Check-in Feedback Findings (primary research).
- Conduct a Town Hall meeting to discuss with community secondary & primary data findings leading to determining (prioritizing) county health needs.
- Prepare & publish CHNA report which meets ACA requirements.

To ensure proper PSA Town Hall representation (that meets the 80% Patient Origin Rule), a patient origin three-year summary was generated documenting patient draw by zips as seen below:

Coffeyville Reg -Defined Primary Serv Area (KHA)					Overall (IP/ER) YR 2022-24		
#	ZIP	City	ST	County	Total 3YR	%	ACCUM
1	67337	Coffeyville, KS	KS	Montgomery	2868	60.0%	60.0%
2	67301	Independence, KS	KS	Montgomery	482	10.1%	70.1%
3	67333	Caney, KS	KS	Montgomery	233	4.9%	75.0%
4	74072	S Coffeyville, OK	OK	Nowata	213	4.5%	79.4%
5	67335	Cherryvale, KS	KS	Montgomery	131	2.7%	82.2%
6	67340	Dearing, KS	KS	Montgomery	89	1.9%	84.1%

**To meet IRS aligned CHNA requirements and meet Public Health accreditation criteria stated earlier, a four-phase methodology was followed:**

**Phase I—Discovery:**

Conduct a 30-minute conference call with the CHNA county health department and hospital clients. Review / confirm the CHNA calendar of events, explain / coach clients to complete the required participant database, and schedule / organize all Phase II activities.

**Phase II—Qualify Community Need:**

A) Conduct secondary research to uncover the following historical community health status for the primary service area. Use Kansas Hospital Association (KHA), Vital Statistics, Robert Wood Johnson County Health Rankings, etc. to document current state of county health organized as follows:

<b>Health Indicators - Secondary Research</b>
<b>TAB 1. Demographic Profile</b>
<b>TAB 2. Economic Profile</b>
<b>TAB 3. Educational Profile</b>
<b>TAB 4. Maternal and Infant Health Profile</b>
<b>TAB 5. Hospital / Provider Profile</b>
<b>TAB 6. Behavioral / Mental Health Profile</b>
<b>TAB 7. High-Risk Indicators &amp; Factors</b>
<b>TAB 8. Uninsured Profile</b>
<b>TAB 9. Mortality Profile</b>
<b>TAB 10. Preventative Quality Measures</b>

**Phase III—Quantify Community Need:**

Conduct a 90-minute Town Hall meeting with required community primary service area residents. At each Town Hall meeting, CHNA secondary data will be reviewed, an evaluation of past CHNA needs actions taken, a facilitated group discussion will occur, and a group ranking activity to determine the most important community unmet health needs was administered.

**Phase IV—Complete Data Analysis and Create Comprehensive Community Health Needs Assessment:**

Complete full documentation to create each CHNA section documented in the Table of Contents. Publish hard copy reports (2) for client usage plus create a full CHNA report pdf to be posted on the hospital website to meet government CHNA regulation criteria.

Specific project CHNA roles, responsibilities, and timelines are documented in the following calendar.

Coffeyville Regional Medical Center - Montgomery Co, KS			
VVV CHNA Round #5 Work Plan - Year 2025			
Project Timeline & Roles - Working Draft as of 6/9/25			
Step	Timeframe	Lead	Task
	1/1/2025	VVV / Hosp	Meeting Leadership information regarding CHNA Round #5 for review.
	3/13/2025	Hosp	Select/approve CHNA Wave #5 Option B - VVV quote—work to start 8/1/25.
	On or before 4/9/25	VVV	Hold Client Kick-off Meeting. Review CHNA process / timeline with leadership. Request KHA PO reports for FFY 22, 23 and 24 and hospital client to complete PSA IP/OP/ER/Clinic patient origin counts file (Use <b>ZipPSA_3yrPOrigin.xls</b> )
	On or before 4/9/25	VVV	Send out <b>REQCommInvite Excel</b> file. HOSP & HLTH Dept to fill in PSA Stakeholders Names /Address /Email
	On or before 4/9/25	VVV	Prepare CHNA Round#5 Stakeholder Feedback "online link". Send link for hospital review.
	April - June 2025	VVV	Assemble & complete Secondary Research - Find / populate 10 TABS. Create Town Hall ppt for presentation.
	On or before 5/1/2025	VVV / Hosp	Prepare/send out PR #1 story / E Mail Request announcing upcoming CHNA work to CEO to review/approve.
	6/9/2025	VVV / Hosp	Place PR story to local media CHNA survey announcing "online CHNA Round #5 feedback". Request public to participate. Send E Mail request to local stakeholders
	6/9/2025	VVV	Launch / conduct online survey to stakeholders: Hospital will e-mail invite to participate to all stakeholders. <b>Cut-off 7/21/2025 for Online Survey</b>
	On or before 7/1/2025	Hosp	Prepare PR #2 story / E Mail (E#2) Request announcing upcoming Town Hall. VVV will send to CEO to review/approve.
	7/21/2025	VVV / Hosp	Place PR #2 story to local media announcing upcoming Town Hall. Request public to participate. Send E Mail (E#2) request to local stakeholders
	On or before 8/26/2025	ALL	Conduct conference call (time TBD) with Hospital / Public HLTH to review Town Hall data / flow
	<b>8/28/2025</b>	VVV	Conduct CHNA Town Hall. Time - <b>11:30am-1pm</b> . Review & Discuss Basic health data plus RANK Health Needs.
	On or Before 10/15/2025	VVV	Complete Analysis - Release Draft 1- seek feedback from Leaders (Hospital & Health Dept.)
	On or Before 10/31/2025	VVV	Produce & Release final CHNA report. Hospital will post CHNA online (website).
	October, 21st 2025	Both	Conduct Client Implementation Plan PSA Leadership meeting
	On or Before 11/30/2025	Hosp	Hold Board Meetings discuss CHNA needs, create & adopt an implementation plan. Communicate CHNA plan to community.

## A Conversation with the Community & Stakeholders

### Community Stakeholder – An Inclusive Conversation

**Consumers:** Uninsured/underinsured people, Members of at-risk populations, Parents, caregivers and other consumers of health care in the community, and Consumer advocates.

**Community leaders and groups:** The hospital organization's board members, Local clergy and congregational leaders, Presidents or chairs of civic or service clubs -- Chamber of Commerce, veterans' organizations, Lions, Rotary, etc., Representatives from businesses – owners/CEO's of large businesses (local or large corporations with local branches), Business people & merchants (e.g., who sell tobacco, alcohol, or other drugs), Representatives from organized labor, Political, appointed and elected officials, Foundations, United Way organizations. And other "community leaders."

**Public and other organizations:** Public health officials, Directors or staff of health and human service organizations, City/Community planners and development officials, Individuals with business and economic development experience, Welfare and social service agency staff, Housing advocates - administrators of housing programs: homeless shelters, low-income-family housing and senior housing, Education officials and staff - school superintendents, principals and teachers, Public safety officials, Staff from state and area agencies on aging, Law enforcement agencies - Chiefs of police, Local colleges and universities, Coalitions working on health or other issues.

**Other providers:** Physicians, Leaders in other not-for-profit health care organizations, such as hospitals, clinics, nursing homes and home-based and community-based services, Leaders from Catholic Charities and other faith-based service providers, Mental health providers, Oral health providers, Health insurers, Parish and congregational nursing programs, Other health professionals

11

## II. Review of a CHNA

- **What is a Community Health Needs Assessment (CHNA)..?**
  - Systematic collection, assembly, analysis, and dissemination of information about the health of the community.
- **A CHNA's role is to....**
  - **Identify** factors that affect the health of a population and **determine** the availability of resources to adequately address those factors.
- **Purpose of a CHNA – Why Conduct One?**
  - Determine health-related trends and issues of the community
  - Understand / evaluate health delivery programs in place.
  - Meet Federal requirements – both local hospital and health department
  - Develop Implementation Plan strategies to address unmet health needs (4-6 weeks after Town Hall)

12

## CHNA Written Report Documentation to meet IRS 990 CHNA Requirements: Table of Contents

- A description of the community served
- A description of the CHNA process
- The identity of any and all organizations and third parties which collaborated to assist with the CHNA
- A description of how the organization considered the input of persons representing the community (e.g., through meetings, focus groups, interviews, etc.), who those persons are, and their qualifications
- A prioritized description of all of the community needs identified by the CHNA.
- A description of the existing healthcare facilities and other resources within the community available to meet the needs identified through the CHNA

13

## Social Determinants of Health

**Social determinants of health** are the conditions in the places where people live, learn, work, play, and worship **that affect a wide range of health risks and outcomes.**

**Health equity** is when everyone has the opportunity to attain their full health potential, and no one is disadvantaged from achieving this potential because of their social position or other socially determined circumstances.

**TASK A: Your Initial Thoughts on SDOH? (Small White Card)**

14

**IV. Review Current County Health Status:**  
 Secondary Data by 10 Tab Categories with a focus on Social Determinants with a Local Norm & State Rankings

Trends: **Good** **Same** **Poor**

Health Indicators - Secondary Research
TAB 1. Demographic Profile
TAB 2. Economic Profile
TAB 3. Educational Profile
TAB 4. Maternal and Infant Health Profile
TAB 5. Hospital / Provider Profile
TAB 6. Behavioral / Mental Health Profile
TAB 7. High-Risk Indicators & Factors
TAB 8. Uninsured Profile
TAB 9. Mortality Profile
TAB 10. Preventative Quality Measures

15

**County Health Rankings Scoring**

Robert Wood Johnson Foundation and University of WI Health Institute

**New County Health Rankings Model**

Users of the 2024 RWJ report will find representation of county health has changed significantly. *Rather than a numerical ranking, each county in a state is represented by a dot, shaded a certain color and placed on a scale from least healthy to healthiest in the nation. The new visual tool then shows where one county falls on a "continuum" of health nationally, compared to the least healthy and most healthy counties, which are unnamed in the visualization.*

16

**IV. Community Health Conversation:  
 Your Perspectives / Suggestions !**

**Tomorrow:**

What is occurring or might occur that would affect the "health of our community"?

**Today:**

- 1) What are the **Healthcare Strengths** of our community that contribute to health? **(BIG White Card)**
- 2) Are there healthcare services in your community/neighborhood that you feel **need to be improved and/or changed?** **(Small Color Card)**
- 3) *What other Ideas do you have to address Social determinants?* **(Small White Card - A)**

## Data & Benchmarks Review

Community health assessments typically use both primary and secondary data to characterize the health of the community:

- **Primary data** are collected first-hand through surveys, listening sessions, interviews, and observations.
- **Secondary data** are collected by another entity or for another purpose.
- **Indicators** are secondary data that have been analyzed and can be used to compare rates or trends of priority community health outcomes and determinants.

Data and indicator analyses provide descriptive information on demographic and socioeconomic characteristics; they can be used to monitor progress and determine whether actions have the desired effect. They also characterize important parts of health status and health determinants, such as behavior, social and physical environments, and healthcare use.

Community health assessment indicators should be.

- Methodologically sound (valid, reliable, and collected over time)
- Feasible (available or collectable)
- Meaningful (relevant, actionable, and ideally, linked to evidence-based interventions)
- Important (linked to significant disease burden or disparity in the target community)

Jurisdictions should consider using data and indicators for the smallest geographic locations possible (e.g., county-, census block-, or zip code-level data), to enhance the identification of local assets and gaps.

Local reporting (County specific) sources of community-health level indicators:

<b>CHNA Detail Sources</b>
Quick Facts - Business
Centers for Medicare and Medicaid Services
CMS Hospital Compare
County Health Rankings
Quick Facts - Geography
Kansas Health Matters
Kansas Hospital Association (KHA)
Quick Facts - People
U.S. Department of Agriculture - Food Environment Atlas
U.S. Center for Disease Control and Prevention

## Sources of community-health level indicators:

- [County Health Rankings and Roadmaps](#)  
The annual Rankings measure vital health factors, including high school graduation rates, obesity, smoking, unemployment, access to healthy foods, the quality of air and water, income inequality, and teen births in nearly every county in America. They provide a snapshot of how health is influenced by where we live, learn, work and play.
- [Prevention Status Reports \(PSRs\)](#)  
The PSRs highlight—for all 50 states and the District of Columbia—the status of public health policies and practices designed to prevent or reduce important public health problems.
- [Behavioral Risk Factor Surveillance System](#)  
The world's largest, ongoing telephone health survey system, tracking health conditions and risk behaviors in the United States yearly since 1984. Data is collected monthly in all 50 states, the District of Columbia, Puerto Rico, the US Virgin Islands, and Guam.
- The [Selected Metropolitan/ Micropolitan Area Risk Trends](#) project was an outgrowth of BRFSS from the increasing number of respondents who made it possible to produce prevalence estimates for smaller statistical areas.
- [CDC Wonder](#) Databases using a rich ad-hoc query system for the analysis of public health data. Reports and other query systems are also available.
- [Center for Applied Research and Engagement Systems external icon](#)  
Create customized interactive maps from a wide range of economic, demographic, physical and cultural data. Access a suite of analysis tools and maps for specialized topics.
- [Community Commons external icon](#)  
Interactive mapping, networking, and learning utility for the broad-based healthy, sustainable, and livable communities' movement.
- [Dartmouth Atlas of Health Care external icon](#)  
Documented variations in how medical resources are distributed and used in the United States. Medicare data used to provide information and analysis about national, regional, and local markets, as well as hospitals and their affiliated physicians.
- [Disability and Health Data System](#)  
Interactive system that quickly helps translate state-level, disability-specific data into valuable public health information.
- [Heart Disease and Stroke Prevention's Data Trends & Maps](#)  
View health indicators related to heart disease and stroke prevention by location or health indicator.
- [National Health Indicators Warehouse external icon](#)  
Indicators categorized by topic, geography, and initiative.
- [US Census Bureau external icon](#)  
Key source for population, housing, economic, and geographic information.
- [US Food Environment Atlas external icon](#)  
Assembled statistics on food environment indicators to stimulate research on the determinants of food choices and diet quality, and to provide a spatial overview of a community's ability to access healthy food and its success in doing so.
- [Centers for Medicare & Medicaid Services Research and Data Clearinghouse external icon](#)  
Research, statistics, data, and systems.
- [Environmental Public Health Tracking Network](#)  
System of integrated health, exposure, and hazard information and data from a variety of national, state, and city sources.
- [Health Research and Services Administration Data Warehouse external icon](#)  
Research, statistics, data, and systems.
- [Healthy People 2030 Leading Health Indicators external icon](#)  
Twenty-six leading health indicators are organized under 12 topics.
- [Kids Count external icon](#)  
Profiles the status of children on a national and state-by-state basis and ranks states on 10 measures of well-being; includes a [mobile site external icon](#).
- [National Center for Health Statistics](#)  
Statistical information to guide actions and policies.
- [Pregnancy Risk Assessment and Monitoring System](#)  
State-specific, population-based data on maternal attitudes and experiences before, during, and shortly after pregnancy.
- [Web-based Injury Statistics Query and Reporting System \(WISQARS\)](#)  
Interactive database system with customized reports of injury-related data.
- [Youth Risk Behavior Surveillance System](#)  
Monitors six types of health-risk behaviors that contribute to the leading causes of death and disability among youth and adults.

## II. Methodology

### d) Community Profile (A Description of Community Served)

#### Montgomery County, Kansas Community Profile

The population of Montgomery County was estimated to be 30,323 citizens in 2025 and a population density of 47 persons per square mile. Its county seat is Independence, and its most populous city is Coffeyville. The county was named after Richard Montgomery, a major general during the American Revolutionary War.

#### Montgomery County (KS) Cities<sup>1</sup>

# III. Community Health Status

---

[VVV Consultants LLC]

### III. Community Health Status

#### a) Historical Health Statistics- Secondary Research

##### Health Status Profile

This section of the CHNA reviews published quantitative community health indicators from public health sources and results of community primary research. To produce this profile, VVV Consultants LLC staff analyzed & trended data from multiple sources. This analysis focuses on a set of published health indicators organized by ten areas of focus (10 TABS), results from the 2023 and 2025 RWJ County Health Rankings and conversations from Town Hall participates. Each table published reflects a Trend column, with GREEN denoting growing/high performance indicators, YELLOW denoting minimal change/average performance indicators and RED denoting declining/low performance indicators.

Note: The Robert Wood Johnson Foundation collaborates with the University of Wisconsin Population Health Institute to release annual *County Health Rankings*. As seen below, RWJ's model uses a number of health factors to rank each county.

County Health Rankings model ©2012 UWPHI

## National Research – Year 2023 RWJ Health Rankings:

#	2023 KS Rankings - 105 Counties	Definitions	Montgomery Co YR 23	Montgomery Co YR 22	Trend	SKS Rural Norm (N=23)

## PSA Secondary Research:

When studying community health, it is important to document health data by topical areas for primary service area (PSA). Below is a summary of key findings organized by subject area.

*Note: Each Tab has been trended to reflect County trends to NORM.*

Health Indicators - Secondary Research

l	Community Spend on Transportation, 2024	19.1%	NA		18.1%	20.2%	Kansas Health Matters
m	Households With Internet Sub (2019-2023) *SDOH	84.2%	NA		86.7%	85.5%	Kansas Health Matters
n	Student Loan Spending-to-Income, 2024 *SDOH	5.6%	NA		4.6%	4.8%	Kansas Health Matters

**Tab 3: Educational Profile**

Currently, school districts are providing on-site primary health screenings and basic care.

3	Education - Health Indicators	Montgomery Co YR 25	Montgomery Co YR 22	Trend	State of KS	SKS Rural Norm (N=23)	Source
a	Children eligible for free or reduced price lunch, percent, 2021-2022	65.7%	66.7%		48.0%	56.7%	County Health Rankings
b	High school graduate or higher, percent of persons age 25 years+, 2019-2023	89.9%	90.1%		91.0%	86.3%	People Quick Facts
c	Bachelor's degree or higher, percent of persons age 25 years+, 2019-2023	21.3%	20.2%		34.7%	22.4%	People Quick Facts

**Tab 4: Maternal / Infant Profile**

Tracking maternal / infant care patterns are vital in understanding the foundation of family health.

4	Maternal/Infant - Health Indicators (Access/Quality)	Montgomery Co YR 25	Montgomery Co YR 22	Trend	State of KS	SKS Rural Norm (N=23)	Source
a	Percent of Births Where Prenatal Care began in First Trimester, 2021-2023	76.9%	76.3%		81.3%	76.1%	Kansas Health Matters
b	Percentage of Premature Births, 2021-2023	9.9%	11.3%		9.1%	9.4%	Kansas Health Matters
c	Percent of Infants up to 24 months that received full Immunizations, 2017-2018	20.3%	20.3%		69.2%	68.3%	Kansas Health Matters
d	Percent of Births with Low Birth Weight, 2021-2023	7.5%	9.0%		7.3%	7.7%	Kansas Health Matters
e	Percent of all Births Occurring to Teens (15-19), 2021-2023	9.0%	9.4%		5.5%	6.9%	Kansas Health Matters
f	Percent of births Where Mother Smoked During Pregnancy, 2020-2022	14.2%	21.2%		10.0%	8.7%	Kansas Health Matters
g	Child Care Centers per 1,000 Children, 2010-22**	7.1	NA		7.0	7.0	County Health Rankings

#	Criteria - Vital Statistics Rate per 1,000	Montgomery Co. 2025	Trend	Kansas
a	Total Live Births, 2017	10.8		12.5
b	Total Live Births, 2018	11.3		12.5
c	Total Live Births, 2019	10.1		12.1
d	Total Live Births, 2020	11.2		11.8
e	Total Live Births, 2021	11.1		11.8

**Tab 5: Hospitalization and Provider Profile**

Understanding provider access and disease patterns are fundamental in healthcare delivery. Listed below are several vital county statistics.

5	Hospital/Provider - Health Indicators (Access/Quality)	Montgomery Co YR 25	Montgomery Co YR 22	Trend	State of KS	SKS Rural Norm (N=23)	Source
a	Primary Care Physicians (Pop Coverage per MDs & DOs) - No extenders Included, 2021	4451:1	3183:1		1285:1	1918:1	County Health Rankings
b	Preventable hospital rate per 100,000, 2021 (lower the better)	2,032	3,640	+	2,529	2,603	County Health Rankings
c	Patients Who Gave Their Hospital a Rating of 9 or 10 on a Scale from 0 (Lowest) to 10 (Highest)	NA	69%		78%	77%	CMS Hospital Compare, Latest Release
d	Patients Who Reported Yes, They Would Definitely Recommend the Hospital	NA	66%		77%	73%	CMS Hospital Compare, Latest Release
e	Average (Median) time patients spent in the emergency department, before leaving from the visit (mins)	NA	103		112	106	CMS Hospital Compare, Latest Release

**Tab 6: Behavioral / Mental Health Profile**

Behavioral healthcare provides another important indicator of community health status.

6	Mental - Health Indicators	Montgomery Co YR 25	Montgomery Co YR 22	Trend	State of KS	SKS Rural Norm (N=23)	Source
a	Adults Ever Diagnosed with Depression, 2022	18.8%	NA		NA	19.4%	Kansas Health Matters
b	Age-adjusted Suicide Mortality Rate per 100,000 population, 2020-2022	27.8	21.7		18.7	18.8	Kansas Health Matters
c	Mental Behavioral Hospital Admission Rates per 100,000, 2018-2020	70.3	70.3		75.1	50.1	Kansas Health Matters
d	Average Number of mentally unhealthy days, 2021	5.4	4.8		5.2	5.3	County Health Rankings

CDC - 2023 U.S. County Opioid Dispensing			
State	County	FIPS	Opioid Dispensing Rate per 100
KS	Montgomery Co KS	20125	37.2
	KS Average 2023		41.3

Source: U.S. County Opioid Dispensing Rates, 2023 | Drug Overdose | CDC Injury Center

**Tab 7a: Risk Indicators & Factors Profile**

Knowing community health risk factors and disease patterns can aid in the understanding next steps to improve health.

7a	High-Risk - Health Indicators	Montgomery Co YR 25	Montgomery Co YR 22	Trend	State of KS	SKS Rural Norm (N=23)	Source
a	Adult obesity, percent, 2021	45.1%	41.0%		36.5%	40.8%	County Health Rankings
b	Adult smoking, percent, 2021	21.0%	20.6%		15.1%	18.1%	County Health Rankings
c	Excessive drinking, percent, 2021	18.5%	17.8%		19.5%	18.8%	County Health Rankings
d	Physical inactivity, percent, 2021	27.7%	32.2%		22.6%	27.8%	County Health Rankings
e	Sexually transmitted infections (chlamydia), rate per 100,000 - 2021	413	515		474	299	County Health Rankings

**Tab 7b: Chronic Risk Profile**

7b	Chronic - Health Indicators *New SDOH	Montgomery Co YR 25	Montgomery Co YR 22	Trend	State of KS	SKS Rural Norm (N=23)	Source
a	Age-Adjusted Prevalence of Arthritis Among Adults >=18 ,2021	26.8%	NA		23.1%	24.3%	ephtracking.cdc.gov

# Coffeyville Regional Medical Center Town Hall Event Notes

Date: 8/28/2025 – 11:30 a.m. - 1 p.m. @ CRMC Education Room Attendance: N=15

---

INTRO: Following is a recap of the community conversation during CHNA 2025 Town Hall

- Other than English, in the service area patients are speaking Spanish or Guatemalan.
- Veterans go to Wichita, Tulsa, or the clinic in Parsons for care.
- The community believes that the poverty rate is around 24% (higher than reported). Continually, the wealth gap begins to grow.
- From Town Hall conversation, unemployment in the county is around 3.4%.
- The FQHC is working in the local school district.
- For deliveries, mothers are going to either CRMC, Parson, Bartlesville, or Wichita.
- Coffeyville is one of the first towns to get overnight childcare, the building will be open in a couple of months. Affordability is a barrier for families.
- Depression is a concern for the community across all generations.
- As for drugs, the community is concerned about fentanyl, opioids, nicotine, and marijuana.
- There is a concern for STD rates in the county,
- TB has been on the rise in Kansas.
- Parks access has increased, impacting access to exercise opportunities.

Impacts from past actions taken to address the 2022 unmet needs:

- 10-12 homes have been built in the past few years. Still a lack of affordable housing.
- Mo-Go's public transportation.
- A community coalition has been working on mental health stigma/awareness.

What is coming/occurring that will affect health of the community:

- AI
- Big Beautiful Bill
- Federal Opioid Funds coming to county
- Level of care given my license
- Scam Call (Elderly)
- Social Media

Things going well for healthcare in the community:

- 24/7 Emergency
- Collaborations
- Education Access
- LHEAT (Local Health Action Team)
- New Healthcare Facilities
- Nursing Staff
- Recreation / Environment

Areas to improve or change in the community:

- Affordable Healthcare
- Broadband Access
- Food Insecurity
- Housing (Accessible & Affordable)
- Language Barriers
- Mental Health (Diagnosis, Treatment, Aftercare, Providers)
- Obesity (Nutrition & Fitness)
- Parenting Skills (Protect Youth)
- Poverty
- Preventative Health Education
- Providers (PRIM & OB)
- Retain Youth
- Substance Abuse (Drinking, Drugs, Vape)
- Suicide
- Visiting Specialist (PRIM & OPTH)

## Round #5 CHNA - Montgomery Co, KS PSA

### Town Hall Conversation - Strengths (Big White Cards) N=15

Card #	What are the strengths of our community that contribute to health?	Card #	What are the strengths of our community that contribute to health?
2	24 daycare at little/no cost	9	Improved community engagement w/exercise
12	24/7 emergency physicians	9	Improved transportation
13	24/7 ER physician	2	Increased recreation/parks

## **EMAIL Request to CHNA Stakeholders**

**From:** Melissa Summer

**Date:** 6/9/25

**To:** Community Leaders, Providers, Hospital Board and Staff

**Subject:** CHNA Round #5 Community Online Feedback Survey – Montgomery Co. KS

Coffeyville Regional Medical Center – Montgomery County, KS; will be working with other area providers over the next few months to update the 2022 Montgomery County, KS Community Health Needs Assessment (CHNA). We are seeking input from community members regarding the healthcare needs in Montgomery County in order to complete the 2025 CHNA.

The goal of this assessment update is to understand progress in addressing community health needs cited in 2016, 2019, and 2022 CHNA reports while collecting up-to-date community health perceptions and ideas.

Your feedback and suggestions regarding current community health delivery are especially important to collect in order to complete this comprehensive report. To accomplish this work, a short online survey has been developed for community members to take. Please visit our hospital webpage, facebook page, or utilize the link below to complete this survey.

LINK: [https://www.surveymonkey.com/r/CoffeyvilleReg\\_2025CHNA](https://www.surveymonkey.com/r/CoffeyvilleReg_2025CHNA)

All community residents and business leaders are encouraged to **complete the 2025 online CHNA survey by July 21<sup>st</sup>, 2025**. All responses are confidential.

**Please Hold the Date** A community Town Hall is scheduled for **Thursday, August 28<sup>th</sup> 2025 for lunch from 11:30-1 pm at Coffeyville Regional Medical Center**. This meeting is to discuss the survey findings and identify unmet needs.

If you have any questions about CHNA activities, please call (620) 251-1200

*Thank you for your time and participation.*

## **PR#1 News Release**

Local Contact: Melissa Summer

**Media Release: 6/9/2025**

# **2025 Community Health Needs Assessment to be Hosted by Coffeyville Regional Medical Center**

Over the next few months, **Coffeyville Regional Medical Center** will be working together with other area community leaders to update the Montgomery County, KS 2022 Community Health Needs Assessment (CHNA). Today we are requesting Montgomery County community members' input regarding current healthcare delivery and unmet resident needs.

The goal of this assessment update is to understand progress from past community health needs assessments conducted in 2022, 2019 and 2016, while collecting up-to-date community health perceptions and ideas. VVV Consultants LLC, an independent research firm from Olathe, KS has been retained to conduct this countywide research.

A brief community survey has been developed to accomplish this work. <Note: The CHNA survey link can be accessed by visiting Coffeyville Regional Medical Center website and/or Facebook page. You may also utilize the QR code below for quick access.

All community residents and business leaders are encouraged to complete this online survey by **July 21<sup>st</sup>, 2025**. In addition, a CHNA Town Hall meeting to discuss the survey findings and identify unmet needs will be held on **Thursday, August 28<sup>th</sup>, 2025 for lunch from 11:30am-1:00pm**. More info to come soon! Thank you in advance for your time and support!

If you have any questions regarding CHNA activities, please call (620) 251-1200

## EMAIL #2 Request Message

**From:** Melissa Summer

**Date:** 7/28/25

**To:** Area Community Leaders, Providers and Hospital Board & Staff

**Subject:** Montgomery County Community Health Needs Assessment Town Hall lunch– August 28, 2025

**Coffeyville Regional Medical Center** will host a Town Hall Community Health Needs Assessment (CHNA) luncheon on Thursday August 28<sup>th</sup>. The purpose of this meeting will be to review collected community health indicators and gather community feedback opinions on key unmet health needs for Montgomery County, KS. **Note: This event will be held on Thursday, August 28<sup>th</sup> from 11:30 a.m. - 1:00 p.m. at Coffeyville Regional Medical Center with check-in starting at 11:15am.**

We hope you find the time to attend this important event. All business leaders and residents are encouraged to join us. To adequately prepare for this event, it is imperative all RSVP who plan to attend town hall.

CHNA 2025 Community Feedback: Montgomery County, KS (N=137)						
ID	Zip	Rating	c1	c2	c3	Q10. Being this a strong topic of interest, do you have any thoughts, ideas, and/or specific suggestions (food, housing, transportation, support, etc.) to address these 5 social determinants to improve our community health? (Please Be Specific)
1015	67337	Average	ACC	QUAL	OTHR	Access to quality services is a high need in our community, as well as better neighborhoods/environments
1126	67337	Average	MRKT			Advertising
1062	67301	Average	EDU	INSU	FINA	All of the above bullet points are main issues with address health determinants in our community. Education or lack of, access to insurance and affordable health care all impact the communities to actually care about their health. When in reality most are just trying to "make it" in life.
1090	67337	Very Good	FUND	HOUS	NUTR	Allowing allocation of local, state and federal healthcare funds to be use to create/support more housing and nutrition programs; while simultaneously removing processed foods from said nutrition programs
1092	67354	Very Good	OWN			BEFORE any program or assistance will work, people must be willing to help themselves. To follow care plans, to make their OWN health a priority. First it is their responsibility, everything else is assistance.
1101	67335	Average	OTHR	HOUS	DOH	Coffeyville needs to improve their infrastructure to attract more industry to the area and increase the tax base to improve services. Increase access to affordable housing. Health department/schools need to start working with children and their parents on the importance of exercise and fresh food, rather than processed foods.
1053	74072	Poor	COMM	MRKT		Communication and advertisement
1085	67337	Good	OTHR	EDU	MRKT	County and City taxes. Incentify healthy selections with lower tax when people make those choses over the poor health choices. Incentify assistance programs by requiring education for participation of those plans. How can we help ourself tools. Marketed on several platforms.
1003	74072	Average	CUL			educate all improve language barriers
1134	67337	Average	PREV	EDU		Frequent free health screenings with activities for the parents and kids such as physical challenges and healthy cooking demonstrations. Booths displaying educational things with interactive displays.
1093	67337	Average	SPRT	OTHR		Honestly, people who get governmental assistance live better and struggle financially less than the working class. I believe that there should be more government assistance available to the working class or an incentive program to help the working class and promote those on governmental assistance to get work/keep their job.
1070	67301	Average	TRAN	POV		I think we have good transportation options that are affordable, but the poverty in the area is high, so it makes it difficult for patients to want to come to the doctor or even afford to come to the doctor.
1021	67335	Very Good	FINA			improvement on lower prices.
1122	67337	Average	TRAN	HH		Increase free transportation to facility Reopen HOME HEALTH
1081	66776	Average	FIT	EDU		Mandatory classes on health/exercise 10-20 hrs /week to receive free health care. Someone sign for them that observed (not a friend or family member) Mandatory 20-30 hours work/per week to receive grocery money. (kids need to see their parents work for needs)
1118	67301	Average	INSU	CUL	TRAN	Medicaid expansion, translator services for hospitals, Transportation options, Behavioral health needs
1089	67337	Poor	EDU	EMER	CHRON	Montgomery county has habitually battled an issue with poor education on many fronts. Working in the emergency room, I have noticed that lack of basic health education has caused more unnecessary charges for patient than perhaps chronic illness. The general public also does not appear to be familiarized well with what a clinic can do for them so that they need not visit the emergency room. Overall better outreach from our clinics to intercept non-emergent ER visits would improve both clinical and emergency services.
1087	67337	Average	EDU			more access to education, more education modalities
1057	67337	Good	MH			Need better psychological care and in house treatment facilities.
1131	67337	Good	TRAN	MH	ALC	Need for more 24/7 public taxis/ transportation and improvements in mental health services and drugs and alcohol abuse programs home care services
1100	67337	Very Good	HOUS	TRAN		Need more housing and public transportation
1028	67337	Very Good	OTHR			no
1047		Poor	OTHR			No
1098	67337	Good	OTHR			no
1110	67301	Good	OTHR			no
1032	67340	Very Good	OTHR			None
1037	74072	Average	OTHR			None
1074	67337	Very Good	OTHR			None
1069	67335	Average	EDU	MH	ALC	offer more education in the community or even schools to help with mental health and substance abuse. Try to get ahead of the curve.
1052	67301	Good	FIT			People need to keep moving
1082	67337	Very Good	OWN			Personal accountability is lacking in this community in regards to addressing certain needs and finding to right resources. The resources are multiple and readily available, but almost need to be forced on those in need.
1002	67337	Good	SH	CORP		School staff need to set the example, school staff also need to pay attention to the students and address issues as they can, entities who recieve tax payer support should be required to assist in addressing these matters thru volunteerism (both staff and student body) City Rec is great as is the Boys and Girls Club but they need to CO EXIST not develop in a vaccuum. And the community needs to address the FKHS pool situation as it is a COMMUNITY asset

## CHNA 2025 Community Feedback: Montgomery County, KS (N=137)

ID	Zip	Rating	c1	c2	c3	Q10. Being this a strong topic of interest, do you have any thoughts, ideas, and/or specific suggestions (food, housing, transportation, support, etc.) to address these 5 social determinants to improve our community health? (Please Be Specific)
1060	74354	Average	FUND			The community needs more resources -investment. It would be nice if the community had more opportunities to buy fresh food- farmers market daily or open air market every day.
1117	67301	Average	ALC	DRUG	POV	The general culture in Coffeyville is not one of health/well-being/wellness. Vaping/smoking and alcohol use/drug use is a major problem in this area. Many people live below the poverty Line, making them at increase risk for these things.
1096	67337	Good	ECON	ALL		This area definitely struggles economically and that has a major impact on people's ability to pursue healthcare services. However, I think the city/county are taking a lot of productive steps in trying to bring in more job opportunities and assist people with building, purchasing, and maintaining housing.
1055	67337	Poor	TRAN			Transportation is a regular issue. There is no public transit, and even the bicycle rentals the city has are inconveniently placed and therefore difficult to return. A lot of the sidewalks are in disrepair and there are stray dogs everywhere. Finding a way to secure transportation for people would help the community tremendously.
1102	74072	Very Good	TRAN			Transportation is poor for people needing non emergency transportation for appointments, transport home from hospital.
1038	67301	Good	OTHR			unknown
1109	67337	Good	CUL			We have a Large Hispanic demographic here and there is definitely communication barriers which I feel the lack of communication hinders THEIR health care.
1132	67337	Good	HOUS			We need more affordable housing

## CHNA 2025 Community Feedback: Montgomery County, KS (N=137)

ID	Zip	Rating	c1	c2	c3	Q8. In your opinion, what are the root causes of "poor health" in our community? Other (Be Specific)
1025	67337	Poor	FINA	INSU	HOUS	Cost of everything is rising. Insurance coverage is getting worse and the ones that can afford insurance might have a high deductible. Little to no reasonable priced rental houses available.
1002	67337	Good	OWN	ADOL		Family apathy to Health & Wellness and Exercise, Rec Center does a great job of offering but families dont want to get thier kids out. B&G club also but they seem to have a distinct direction.
1085	67337	Good	INSU			Health Insurance cost and selective items for coverage. Limiting options on best care treatment plans, making treatment out of reach.
1092	67354	Very Good	OWN			Lack of personal investment, wanting someone to take care of it for them
1081	66776	Average	OWN			Laziness, pt being handed money and no gumption to get going and work a job of any kind
1087	67337	Average	FINA			low socioeconomic status
1102	74072	Very Good	MH			Poor mental health services
1047		Poor	POV			Poverty

## CHNA 2025 Community Feedback: Montgomery County, KS (N=137)

ID	Zip	Rating	c1	c2	c3	Q13. What "new" community health programs should be created to meet current community health needs?
1117	67301	Average	DRUG	SMOK	FIT	Focusing on substance use prevention and smoking sensation resources would be important. Also, encouraging people to exercise and eat healthier.
1062	67301	Average	FINA			Affordable ones.
1046	67330	Very Good	PART	PRIM	MH	Better collaboration with primary/hospital and mental health services
1111	67337	Average	PEDS	PNEO		Children specialists More prenatal specialists
1109	67337	Good	EDU	PNEO	CUL	classes on Heath Education and Hygiene and Pre Natal classes with Spanish speaking teachers.
1057	67337	Good	OWN			Don't know. We offer but people won't utilize them.
1098	67337	Good	OTHR			don't know
1087	67337	Average	EDU	FIT		education, group exercise,
1101	67335	Average	EMER	EDU	PREV	Emergency department education *when to go to ER, versus Urgent Care. Wellness programs that are free to elderly/children/uninsured. Food banks for low income individuals to receive food/goods. Medication assistance programs for underinsured/uninsured.
1126	67337	Average	OTHR			Figure it out
1121		Good	NUTR	PHAR		Food insecurities and medication insecurities
1085	67337	Good	MH	IP		Good QUESTION! Mental health inpatient care program.
1074	67337	Very Good	HH			Home Health
1029	67337	Very Good	HOUS	MH	SUIC	Homeless needs, Mental Health, Suicide prevention, Substance abuse
1132	67337	Good	HOUS			Housing
1089	67337	Poor	EMER	CLIN	ACC	I have seen several emergency room-urgent care combinations that filters out "abuse" of emergency services that is very prevalent in our community due to lack of clinical access.
1060	74354	Average	FEM	MOB	FAM	I think there needs to be community programs for Women's health, maybe a traveling RV with access to birth control, pregnancy and other women's health services; possibly another RV for children's services such as dentistry, eye exams, vaccines a one stop shop so to speak.
1096	67337	Good	DRUG	MH	SPRT	I think this community would benefit from more substance abuse services. It is widely perceived that substance abuse is widespread here and there are really not a lot of options for receiving care. I think inpatient services for both mental health and substance abuse would be excellent. Another issue I've encountered is the lack of options for women trying to escape domestic violence. There seems to be both a lack of services and safe places for women to go, but also apathy in law enforcement and the judicial system. I watched someone I know go through this and was honestly appalled at how she was treated. I am a strong supporter of law enforcement officers, but cannot help coming away from that experience a bit shaken.
1021	67335	Very Good	MH			mental health
1094	67333	Very Good	MH			Mental health hospital care center
1131	67337	Good	MH	DRUG	ALC	Mental health services and drug and alcohol abuse services and
1024	67337	Average	EDU	PREV	COL/SCRE	More educational programs and events to promote good heath. Maybe health fairs that offer free screenings & educational booths.
1055	67337	Poor	PNEO	NUTR	OBES	More prenatal care and screenings. Raising awareness of what a healthy diet should look like. Childhood obesity seems to affect this community
1052	67301	Good	DOCS			Need more doctors so the ones we have won't get burned out
1015	67337	Average	OBG	DEEM	ENT	New OBGYNs, dermatologist, ENT
1037	74072	Average	OTHR			No idea
1058	67337	Very Poor	OTHR			None. Eliminate 4 county. The programs in place are not good and the people who run them don't care about people. It's wasted tax dollars
1082	67337	Very Good	OTHR			Nothing.
1128	67337	Good	NUTR	EDU	MH	Nutrition education classes, mental health groups
1069	67335	Average	PREV	CLIN	OBES	Overall health wellness clinic. Weight management, nutrition guidelines, and ect...
1053	74072	Poor	PEDS			Peds
1110	67301	Good	PNEO	SUIC		prenatal care support, suicide prevention.
1090	67337	Very Good	FAC	NUTR		Rather than wasting money on watering grass, the hospital and clinics should replace their "lawns" with community gardens to allow access to free, organic fruits and vegetables
1081	66776	Average	FIT	ECON		see above (exercise and work requirements)
1070	67301	Average	DRUG	MH		Substance abuse programs and mental health programs are the most needed.
1092	67354	Very Good	TELE			Telehealth
1122	67337	Average	CLIN			There is already a COMMUNITY HEALTH CLINIC That is thriving . CHC on 8th. It's too late to start "new"
1093	67337	Average	FINA			There need to be more programs that help those who need to get care, but cannot afford it.
1032	67340	Very Good	DRUG			To give addict care to others
1102	74072	Very Good	INSU	EMER	EMS	Uninsured medical care, that abuses Emergency room & EMS services.
1061	67337	Very Good	OTHR			unsure
1002	67337	Good	OBES	ADOL	OTHR	Weight Management for YOUTH, Old, but "new" we need to work as a community to re-open the FKHS Natatorium

Year 2025 - Let Your Voice Be Heard!

**Coffeyville Regional Medical Center (Montgomery Co, KS) along with area providers have begun the process of updating a comprehensive community-wide 2025 Community Health Needs Assessment (CHNA) to identify unmet health needs. To gather current area feedback, a short online survey has been created to evaluate current community health needs and delivery. NOTE: Please consider your answers to the survey questions as it relates to ALL healthcare services in our community, including but not limited to our local hospital.**

**While your participation is voluntary and confidential, all community input is valued. Thank you for your immediate attention! CHNA 2025 online feedback deadline is set for Thursday July 31st, 2025.**

1. In your opinion, how would you rate the "Overall Quality" of healthcare delivery in our community?

- Very Good     Good     Average     Poor     Very Poor

2. How would our community area residents rate each of the following health services?

	Very Good	Good	Fair	Poor	Very Poor
Ambulance Services	<input type="radio"/>				
Child Care	<input type="radio"/>				
Chiropractors	<input type="radio"/>				
Dentists	<input type="radio"/>				
Emergency Room	<input type="radio"/>				
Eye Doctor/Optomtrist	<input type="radio"/>				
Family Planning Services	<input type="radio"/>				
Home Health	<input type="radio"/>				
Hospice/Palliative	<input type="radio"/>				
Telehealth	<input type="radio"/>				

3. How would our community area residents rate each of the following health services?  
(Continued)

	Very Good	Good	Fair	Poor	Very Poor
Inpatient Hospital Services	<input type="radio"/>				
Mental Health Services	<input type="radio"/>				
Nursing Home/Senior Living	<input type="radio"/>				
Outpatient Hospital Services	<input type="radio"/>				
Pharmacy	<input type="radio"/>				
Primary Care	<input type="radio"/>				
Public Health	<input type="radio"/>				
School Health	<input type="radio"/>				
Visiting Specialists	<input type="radio"/>				

4. In your own words, what is the general perception of healthcare delivery for our community (i.e. hospitals, doctors, public health, etc.)? Be Specific.

5. In your opinion, are there healthcare services in our community/your neighborhood that you feel need to be improved, worked on and/or changed? (Please be specific)

6. From our past CHNA, a number of health needs have been identified as priorities. Are any of these an ongoing problem for our community? Please select top three.

| <input type="checkbox"/> Suicide   | <input type="checkbox"/> Lack of Individual Health Ownership (Apathy) |
| <input type="checkbox"/> Tobacco (Smoking / Vaping)                          | <input type="checkbox"/> Lack of Parental / Family Skills (Education) |
| <input type="checkbox"/> Collaboration of Healthcare Delivery                | <input type="checkbox"/> Community Language Barriers                  |

8. In your opinion, what are the root causes of "poor health" in our community? Please select top three.

- |  |  |
|--|--|
| <input type="checkbox"/> Chronic Disease Management                  | <input type="checkbox"/> Limited Access to Mental Health |
| <input type="checkbox"/> Lack of Health & Wellness                   | <input type="checkbox"/> Family Assistance Programs      |
| <input type="checkbox"/> Lack of Nutrition / Access to Healthy Foods | <input type="checkbox"/> Lack of Health Insurance        |
| <input type="checkbox"/> Lack of Exercise                            | <input type="checkbox"/> Neglect                         |
| <input type="checkbox"/> Limited Access to Primary Care              | <input type="checkbox"/> Lack of Transportation          |
| <input type="checkbox"/> Limited Access to Specialty Care            |  |

Other (Be Specific).

9. Community Health Readiness is vital. How would you rate each of the following?

	Very Good	Good	Fair	Poor	Very Poor
Behavioral/Mental Health	<input type="radio"/>				
Emergency Preparedness	<input type="radio"/>				
Food and Nutrition Services/Education	<input type="radio"/>				
Health Wellness Screenings/Education	<input type="radio"/>				
Prenatal/Child Health Programs	<input type="radio"/>				
Substance Use/Prevention	<input type="radio"/>				
Suicide Prevention	<input type="radio"/>				
Violence/Abuse Prevention	<input type="radio"/>				
Women's Wellness Programs	<input type="radio"/>				
Exercise Facilities / Walking Trails etc.	<input type="radio"/>				

10. Social Determinants are impacting healthcare delivery. These determinants include 1) Education Access and Quality, 2) Economic Stability, 3) Social / Community support, 4) Neighborhood / Environment, and 5) Access to Quality Health Services. Being this a strong topic of interest, do you have any thoughts, ideas, and/or specific suggestions (food, housing, transportation, support, etc.) to address these 5 social determinants to improve our community health? Be Specific

11. Over the past 2 years, did you or someone in your household receive healthcare services outside of your county?

- Yes  No

If yes, please specify the services received

12. Access to care is vital. Are there enough providers/staff available at the right times to care for you and your community?

- Yes  No

If NO, please specify what is needed where. Be specific.

13. What "new" community health programs should be created to meet current community health needs?

14. Are there any other health needs (listed below) that need to be discussed further at our upcoming CHNA Town Hall meeting? Please select all that apply.

- |   |  |  |
|---|--|--|
| <input type="checkbox"/> Abuse/Violence                   | <input type="checkbox"/> Health Literacy                   | <input type="checkbox"/> Poverty                       |

## e.) County Health Rankings & Roadmap Detail

---

[VVV Consultants LLC]

# Montgomery County 2025

Health Outcomes and Health Factors summaries replace the numerical ranking provided in previous years. Each Kansas county with sufficient data is represented by a dot, placed on a continuum from least healthy to healthiest in the nation. The color of each dot represents data-informed groupings of counties nationwide with similar Health Outcomes and Health Factors on the continuum.

<https://www.countyhealthrankings.org/health-data/kansas/montgomery?year=2025#population-health>

## Health Outcomes

## Health Factors

## Population: 30,568

Population Health and Well-being				
	Montgomery County	Kansas	United States	
Length of life				—
Premature Death	12,900	8,600	8,400	∨
Additional Length of life (not included in summary) +				
Quality of life				—
Poor Physical Health Days	4.3	3.7	3.9	∨
Low Birth Weight	8%	7%	8%	∨
Poor Mental Health Days	5.4	5.2	5.1	∨
Poor or Fair Health	20%	15%	17%	∨
Additional Quality of life (not included in summary) +				

Note: Blank values reflect unreliable or missing data.

The annual County Health Rankings & Roadmaps data release provides a snapshot of the health of each county in two summaries: Health Factors (which measure issues that can shape the health outcomes) and Health Outcomes (which measure length and quality of life). Each county is placed on a continuum from least healthy to healthiest in the nation and categorized into a group of counties with similar Health Outcomes or Health Factors. The following tables illustrate the “drivers” for health of this county.

What do these drivers mean? The drivers indicate the measures with the greatest impact on the health of the county. Drivers labeled with a green plus sign are measures on which the county performed particularly well compared to all counties nationwide. Those labeled with a red minus sign are measures which could be improved and may warrant additional attention.

### Health Factors: Drivers with the greatest impact on health, Montgomery County, KS - 2025
